Frequently Asked Questions

General Event FAQs

What can I expect at the event?

The Event Team has scheduled a full day of activities for each day of the event and we're excited for you to join us! Please review the itinerary for specific times and activities. Note that while some activities have set start or end times, the majority of the items on the itinerary are available all day. Therefore, you can determine when you want to complete certain activities, based on how you want your schedule to flow. Remember that all activities will be open to all Event Guests at the same times, so there will likely be times during the day where you will be waiting in line and should plan your day accordingly.

Should I reserve FastPasses or make dining reservations for Epcot® on event days?

Event activities are scheduled from 9:30am-6:00pm on August 9 and 10. It is up to your discretion if you want to take time away from the event to enjoy Epcot®, but there is enough content to fill the event hours if you choose to stay in World ShowPlace.

How can I be selected to play the "Trivia & Games"?

Registered Event Guests will be given the option to "opt-in" during registration. An independent RSP will be run with all of the Guests who have told us they want to be considered to play the Trivia & Games by opting-in. If you are the secondary Guest on a pair of the Best in Show Package, you will need to opt-in via the email that is sent to you after registration.

If I'm not purchasing the Best in Show Package or the Package Add-on for a seat in the reserved section of the trading area, will I still be able to access and trade in the trading area at the event?

Yes. The trading area will be divided into three clearly designated sections. One for Best in Show Package Guests, one for Guests who have purchased the Package Add-on for a seat in the designated reserved section, and one for all other Event Package Guests. Note that each section will be filled on a first come, first served basis each day of the event. All Event Guests may trade with those sitting in all sections of the trading area but only Guests for that designated section will be allowed to have a seat in that area.

Each section will be color coded to match your registration materials. Cast Members will monitor the area to ensure that only Guests who are assigned those colored materials are sitting in that designated section. Again, any Guest may enter the section to trade with other Guests, but will not be allowed to occupy a seat in that section unless they have the matching color for the section.

When will the RSPs for Package Add-ons and Trivia & Games opt-in be run?

These independent RSPs will be run at the same time as the Merchandise RSP. All preferences and opt-in choices will need to be selected by the RSP deadline.

General Event FAQs (cont.)

What's happening on Sunday, August 11?

On Sunday, August 11 from 10:00am-2:00pm, we will host a Public Pin Trading Day in World ShowPlace that will be open to all Epcot® Guests. This will be an opportunity for Guests to continue to pin trade with other Guests for a few more hours within the space. There is no registration or admission required (besides Theme Park admission) to attend this experience. Please note that there will not be Disney-sponsored trading boards or activities on this day.

Can I bring my pet with me to the Disney FairyTails event?

No. While we wish we could invite all pets to this event, only service animals will be allowed to attend. For more information on Service Animal Guidelines throughout Walt Disney World Resort, please visit <https://disneyworld.disney.go.com/guest-services/service-animals/>.

Best in Show registration FAQs

How will registration for the Best in Show Package work?

The registration link will redirect Guests to a virtual queue where they will be able to view their place in line and receive live updates on event availability. Note: Do not refresh the page while inside the virtual queue or you will lose your place in line.

Can I enter the virtual queue before registration opens?

A virtual "waiting room" will open one hour prior to event registration going live. You can join that waiting room by clicking on the registration link and are welcome to join at any point within an hour of registration time.

Will entering the virtual waiting room earlier better my chances of getting a good place in the queue?

When registration opens, you will be placed in our virtual queue in random order, regardless of how early you joined this page. All those who enter after booking begins, will be placed based on order of arrival.

How will I know when it's my turn to register?

As registration progresses, you will see the number of Guests ahead of you decrease. Once it's your turn you will be automatically directed into the registration form. Once you enter the registration form, you will have 5 minutes to complete each page. If you remain inactive for more than 5 minutes, you will be transferred out of the registration form and queue.

Once I'm put in the queue, am I guaranteed to be able to purchase a package?

Due to high demand, entry into the queue or registration form does not guarantee event registration.

I want to be sure another member of my party also gets the Best in Show Package.

How can I do this?

Best in Show Packages may be purchased in pairs, if desired. The registration form will offer the option of an additional Guest registration.

I purchased the Best in Show Package as a pair. Will we only be able to submit one RSP preference sheet?

No. Each registered Guest will get to submit their own RSP preference sheet. After registration is complete, the secondary Guest will receive an email to submit additional information.

Random Selection Process (RSP) FAQs

What does RSP mean?

RSP stands for Random Selection Process, a computer program designed to award limited edition product to event guests based on their preferences. Normally, three RSP's are run for each event.

How does the RSP work?

The RSP always starts with the first item and moves sequentially through the list of available items. It gathers all the Guests that put item #1 as their first preference, randomizes the guest list and randomizes the available pieces. Next, it will match up a random guest with a random piece, continuing until it either runs out of guests or runs out of pieces. If it awards the item to every guest that put item #1 as their first preference and still has items remaining it will gather all guests that put item #1 as their second preference. It will randomize these guests and the remaining pieces and start matching again. The process continues through preference 3, 4 and so on until it either runs out of preferences or runs out of pieces. When item #1 is complete it will move to item #2 and gather all the guests that put item #2 as their first preference. The RSP is complete when it either runs out of preferences or runs out of pieces.

Random Selection Process (RSP) FAQs

What is the correct way to fill out my preference sheet?

Guests should rank the ITEM number of the item they want most in the world in the field 1st Choice (using the drop-down box shown below), then the item they want second in the field 2nd choice, and so on. You should only list items in the 2nd or 3rd RSP's ONLY if you wish to purchase additional quantities of the same item. You can only request up to a quantity of 3 for a single item. (1 per RSP)

How should I fill out my preference sheet so I get everything I want?

There is no way to fill out your sheet to guarantee you receive every item listed. The best results come when you decide what items you want most in the world and put those towards the top of the list. Remember also to take into account the edition size of the items – higher edition size pieces will be available longer so they can be included lower on your list.

How come I didn't get my first choice?

The RSP results depend not only on the edition size of an item, but also on the number of other guests that put that item as the exact same preference as yourself. If 200 guests put an item as their first preference but there are only 25 of that item, 175 guests will not receive their first choice. Guests that put that item as their second or higher choice do not even have a chance at purchasing it.

If my first choice is not available, will the RSP move my second choice up to become my first choice?

No, the system is not designed to change your preferences at all. Your preferences will always remain exactly as you mark them on your sheet.

I heard I can be awarded something on my 2nd RSP preference list even if I didn't receive it in the 1st RSP. Is this true?

No. The system does not reserve quantities for assignment in the 2nd RSP. Items only make it to the 2nd round if every guest that asked for it in the 1st round was awarded that item and there were still quantities remaining. This is why we ask guests to not list items in their 2nd RSP preferences unless they want to purchase 2 of that item.

First RSP

Please fill in your choices with the item numbers for each pin you would like to purchase. Each item can be listed only once in each RSP section.

Guests should list items in the 2nd or 3rd RSP columns ONLY if they wish to purchase additional quantities of the same item.

Do not list items you do not wish to purchase.

Frequently Asked Questions

Random Selection Process (RSP) FAQs

Can I list the same item more than once in each RSP?

No - listing an item more than once will remove it from your preferences entirely. Each item should be listed only once per RSP.

Can I list items in a different order in the 2nd RSP?

Yes! Each RSP is completely independent, so you can list items however you choose.

Can I turn in more than one preference sheet?

No, the system is designed to accept only one form per person.

Can I make changes to my form after I submit it?

Yes, as long as the RSP has not run. Once the process is started, the preferences are locked and cannot be changed. If you do need to make an addition prior to the RSP deadline, please do so by logging back into the RSP form. If your change requires a deletion of an item or change of order of preference, please call us at 407-827-7600.

Do families or groups on the same reservation have a better chance to receive their product?

No. The system looks at the individual preferences and does not have any way to track parties that may be attending together.

If I'm awarded too much product, what can I do?

We do ask that you only list items you truly wish to purchase on your list - if you know you don't want something, you don't have to include it. Also, if multiple guests are trying for a limited item but your group only wants one of that item, tell us when you first turn in your RSPs so we can remove unwanted items and immediately assign them to another guest. If all else fails, as soon as you receive your selection notice with the list of awarded items, you can contact Disney Events to have items removed. Once you pick up your items from the event, ALL SALES ARE FINAL and no refunds will be offered, so it is important to remove items as soon as possible.

Merchandise RSPs for Best In Show Packages run first, so what exactly does that mean?

The Merchandise RSPs will be run in this order:

- 🐾 1st Merchandise RSP - Furry Friend
- 🐾 2nd Merchandise RSP - Best in Show
- 🐾 2nd Merchandise RSP - Furry Friend
