Cinzia Bolognesi
COVER ARTIST

“Piccolo Cuoco (Little Chef)” by Cinzia Bolognesi commemorates this year’s Epcot International Food & Wine Festival, as well as the very first Foodie Edition of the Mickey Monitor. Cinzia, who works as an art director in Bologna, Italy, discovered her extraordinary technique at breakfast one morning while subconsciously doodling on a sheet of paper around a few cookies. She found she could tell stories with very few elements, developing a kind of dreamy, fairy tale illustration.

We’ve added
9 more days of delicious!
Looks like the Walt Disney World® Resort chefs are at it again! They’re adding even more flavor to this year’s festival—with four delectable new marketplaces. There’s a delicious Chocolate Studio, a savory Wine & Dine Studio, The Greenhouse Guru hosted by Village Farms and even an Islands of the Caribbean Marketplace.

The Chocolate and Wine & Dine Studios
Chef Gregg Hannon, Culinary Director of Epcot®, absolutely loves the Chocolate Studio. He claims one of his favorite menu items is the Liquid Nitro Chocolate. He says, “It’s the most uniquely prepared menu item we’ve ever had.”

It starts with a delicious scoop of chocolate mousse dropped into a kettle of liquid nitrogen. When placed on a dish, it breaks and cracks into an explosion of flavor. A warm whiskey caramel is poured over the top, along with a sprinkling of almond powder.

Another one of Chef Gregg’s favorite dishes comes from the Wine & Dine Studio—Seared Scallop with Celery Root Puree, Roasted Brussels Sprouts and Wild Mushrooms. He says, “You’ll definitely want to come back more than once for this one.”

The Greenhouse Guru hosted by Village Farms
This deliciously wholesome marketplace is all about natural goodness—with an emphasis on tomatoes. Chef Gregg says, “These tomatoes have great flavors and great versatility for cooking.” He goes on to say, “I’m very excited, this is the first time we are featuring one key ingredient as a storyline for our marketplace.” One of the highlighted dishes you’ll find here is a warm Roasted Tomato Salsa used as a garnish for a Duck Confit and Creamy Polenta.

Islands of the Caribbean Marketplace
This unique blend of culture and flavor is a delicious new ingredient of this year’s festival. Pastry Chef Yoly Lazo says this is where her favorite dessert can be found. It is called Quesitos. She claims, “It is absolutely delicious and has only three ingredients: cream cheese, sugar and puff pastry dough. After you eat one, you keep wanting more.”

Re-imagined goodness
As always, a lot of the festival buzz seems to be centered around what’s new, but Chef Wade Camerer explains, “Sometimes, it’s the small changes, the re-imagined dishes, that are the most satisfying.” There will be nearly 40 re-imagined dishes served up throughout this year’s 30-plus global marketplaces.

Chef Wade’s overall advice: “Come and enjoy! We spend an entire calendar year planning and preparing for this event—it’s truly exciting to see people indulging in all of our hard work.”

Also new this year—
The CHEW Collective Marketplace
Fans of ABC’s cooking show “The CHEW” will definitely want to indulge.

Tell us about your “Homecoming.”
I have such a strong history with Disney. In fact, my first culinary job after college was with the Magic Kingdom College Program. One of my fondest memories was during a competition, I prepared an Austrian tart that absolutely wowed the Disney chefs and judges.

Have you visited Walt Disney World® Resort since then?
Over the last ten years, I’ve prepared dishes at the food & wine festival. Most recently, I was at the Invictus Games where I cooked for Prince Harry. I was partly requested as he remembered when I cooked for him and his mother years ago.

How did you make Homecoming happen?
About five years ago, I heard about the coming changes to Downtown Disney. I’d already cooked for Bob Iger, so I reached out to the head of Food & Beverage for Bob’s info. As a sixth-generation Floridian, I told him I could add to the experience. I could make Disney Springs taste like Florida.

What is your vision for the venue?
Homecoming is a Florida restaurant that offers regional dishes with ingredients sourced from all throughout the state. With sustainability in mind, we try to purchase locally. You’ll find the most Florida-grown foods during seasonal harvests. Also, Homecoming’s unique flavors are drawn from Florida-distilled spirits and farm-fresh herbs.

Have you prepared any of these dishes before?
I cooked fried chicken at the Capitol last Fourth of July. Any Guests who order the fried chicken at Homecoming will be enjoying that very same recipe.

To make the cake:

1. Position racks in the center and bottom third of the oven and preheat to 350ºF. Lightly butter two 9-inch round cake pans, sprinkle evenly with flour and tap out excess.

2. Sift the flour, sugar, baking soda, cinnamon and salt into a bowl. In another bowl, stir or whisk the bananas, pineapple, oil, eggs and vanilla until combined. Do not use an electric mixer. Pour into the dry mixture and fold second layer of cake into the first, then the third. Add pecans. Spread evenly into the pans.

3. Bake until the cake springs back when pressed in the center, 30–35 minutes. Transfer the cakes to wire racks and cool for 10 minutes. Invert the cakes onto the racks and cool completely.

To make the icing:

4. Place the cream cheese and butter in a large bowl and mix until smooth. Add the sugar, then the vanilla, to make a smooth icing.

5. Place one cake layer upside down on a serving plate. Spread with about 2 cups of the icing. Top with the second layer right side up. Spread the remaining icing over the top and sides of the cake. The cake can be prepared up to one day ahead and stored uncovered in the refrigerator. Let stand at room temperature prepared up to one day ahead and stored uncovered.

Note: This 2-layer cake recipe is specific to home baking and will not produce the same results as a restaurant offering.
